The scope of audit obtaining at present in the Mysore City Municipality require examination and I have reported elsewhere to Government that the question of reorganisation will be taken up as early as possible The control of the staff as well as the audit work in the Municipality having come over to the Department only a few days ago, the formulation of proposals in this behalf will take some time but the existing staff has to continue in the entire as the work now being done cannot be stopped

Orders of Government for the continuance of the present staff and arrangements for the year 1951-52 as proposed by the Municipality may therefore be obtained and communicated The arrangements will naturally be superseded by those that may be ordered by Government in due course in the light of such proposals as may be made regarding the re-organisation
